## **Meet our Executive** team

## The Executive team's in charge of the everyday running of the business

It's collectively responsible for helping run the day-to-day business of the Monzo Group. The Executive team makes up our Group Executive Committee (Group ExCo) which operates in a dual capacity, like the Boards. This means they consider things on behalf of the Monzo Group and on behalf of individual Monzo entities as appropriate. Many of the Group ExCo also sit on and chair other executive-level committees, with some of them reporting up to our Boards and Group Committees. We talk more about our governance structure from page 56.
